NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

NL147 High-Performance 750mAh Li-ion Rechargeable Battery

Purpose-designed for high-performance equipment

A safe, environmentally-friendly, high-performance 14500 cell

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

Internal Safety Features

1. Microporous barrier protects delicate internal components

2. Pressure relief valve activates in the event of a rapid temperature increase

3. Built-in PTC to inhibit high current surges

4. Innovative anode design with high temperature resistance

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

External Safety Features

1. Equipped at both ends with a nickel-plated S.S protector ensuring high impact resistance, good electrical conductivity and oxidation resistance
2. Tough plastic circuit board protector

3. Coated with durable metallic film to guard against abrasion

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

Purpose-designed high-performance protected circuit

1. Automatically protects against overcharge, over discharge and short-circuiting
2. Utilizes a high-quality battery protection IC from Seiko Instruments Japan
3. Utilizes high-power MOS-FEE in the current regulation module for better efficiency and superior output.

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

High capacity and high performance

Actual measured capacity is approximately 750mAh

A high output current of up to 4A makes NL183 compatible with various kinds of high-drain devices.

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

High level of certification

Certified by CE, UL, and ROHS

Internationally insured by Ping An Insurance(Group) Company of China, Ltd.

CE UL® RoHS

NITECORE®

14500 Li-ion Battery

NL147

FOR HIGH DRAIN DEVICES

750mAh

Positive end is a standard button size allowing maximum equipment compatibility.

Compatible with most brands of flashlights

NITECORE®

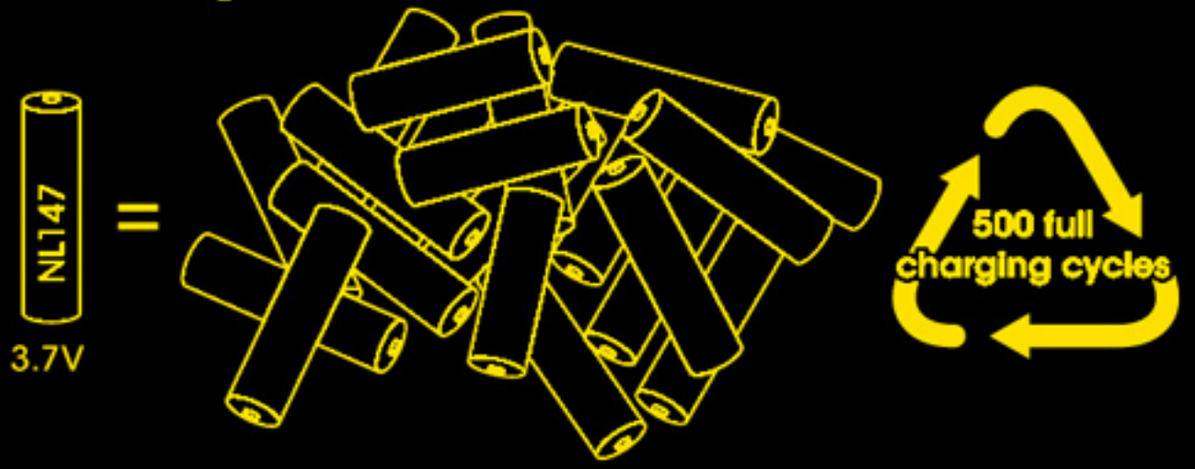
14500 Li-ion Battery

NL147

FOR HIGH DRAIN DEVICES

750mAh

Low cost and environmentally friendly



A NL147 battery can be recharged over 500 times, the equivalent of 500 disposable batteries

NITECORE®

14500 Li-ion Battery

FOR HIGH DRAIN DEVICES

NL147

750mAh

Features:

Type: NL147

Capacity: 750mAh

Voltage: 3.7V

Charging Current: Maximum 750mA (350mA recommended)

Weight: 20.6g

Size: Diameter 14.2mm, Length 51.5mm

Warranty Period: 12 months warranty since the date purchase.

⚠ Precautions:

- Never expose an 14500 battery to water or fire
- When charging or using batteries ensure the positive and negative ends correspond with the positive (+) and negative (-) symbols.
- To extend battery life it is recommended that a NL147 is charged every three months when unused for long periods.
- Keep out of the reach of children.
