## Simultaneous Full Output for 6 Devices

Each USB port equals an independent high-power charger and offers a dominant and stable output for max 6 devices simultaneously, while space saving by occupying only one outlet.
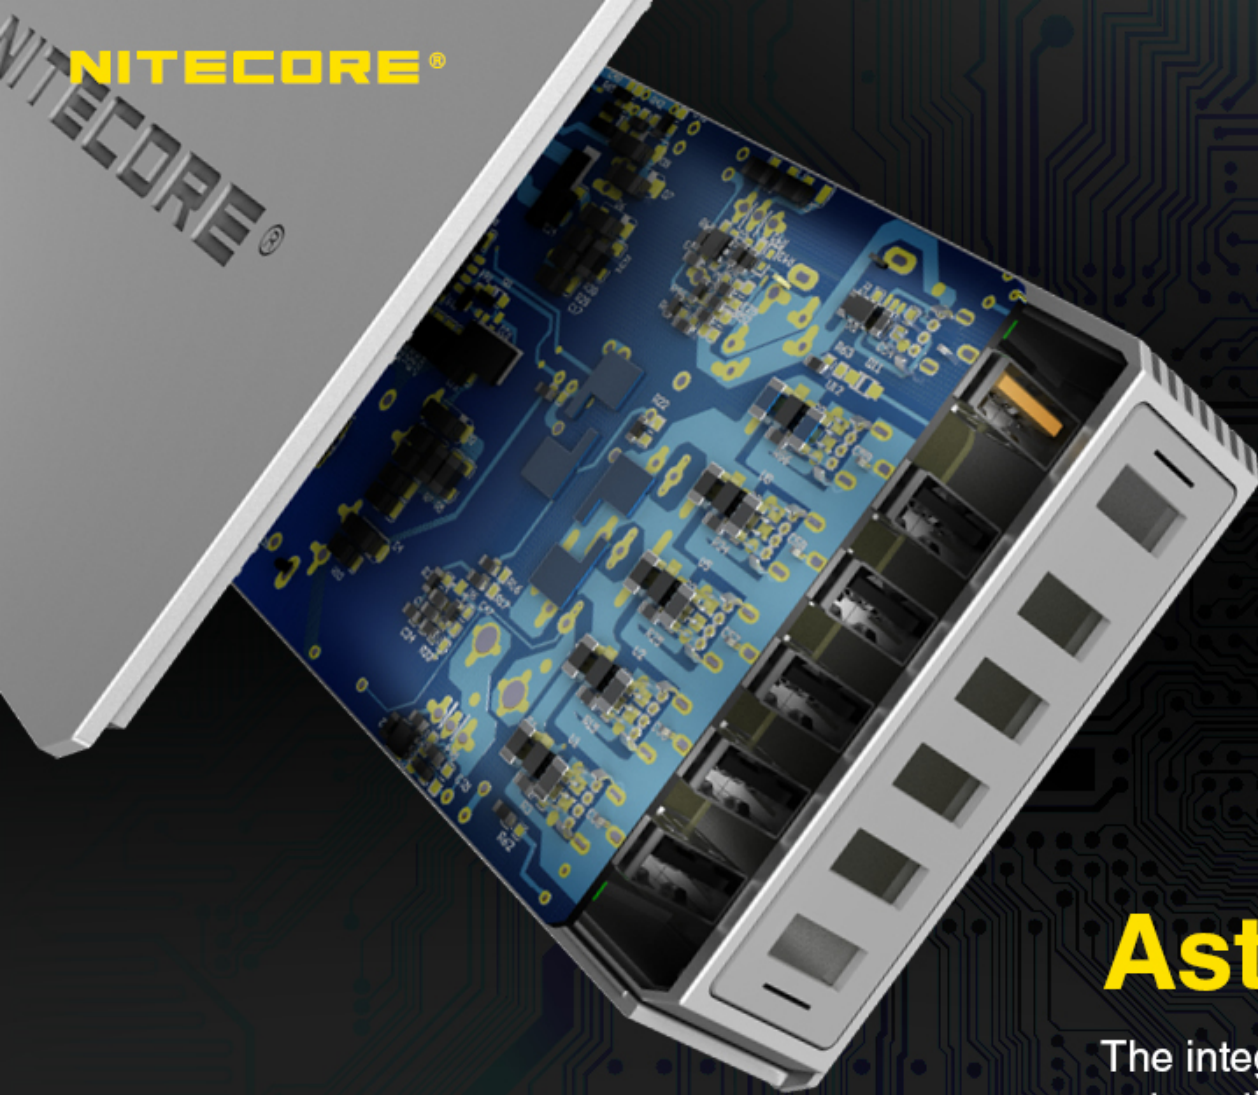

NITECORE®

# 68W
## Astonishing Power

The integrated intelligent USB management system automatically adopts the optimal charging current according to the external devices and guarantees a safe and stable charging process.

NITECORE®

UA66Q | 6-Port QC USB Desktop Adapter

# Powerful Compatibility

Optimized to any mainstream device ranging from Android/iOS smartphones and tablets to other USB devices.

NITECORE®

# Multiple Protection Safeguards

Input / Output Overvoltage Protection

Input / Output Overcurrent Protection

Short-Circuit Protection

Reverse Current Protection

Automatic Cut-off Protection

Anti-Static Protection

## Durable and Fire-Retardant PC Materials

The high-quality materials provide a solid and impact resistant shell to maximize the lifespan of the device.
